

Your Comprehensive MPS Source

Axess™ MPS Software: How It Works

- *Simply install the Data Collector Agent (DCA) software on a single workstation at your client site*
 - *Within minutes, you will have access to the most accurate printing data in the industry, and visibility of all the printing devices on the client magazine*
- *No personal information is collected – document and end user names are not collected*
- *Encrypted transmission of data to the Clover Technology secure web server*
- *Access your clients' data 24 hours a day, 7 days a week via secure website*

Remote Data Collection

*Automatic remote meter read collection, supply levels, utilization, service requirements, error codes, and more = elimination of manual meter collection**
